

CLASS SCHEDULE

At Home Learning Activities

Monday: Puddle Jumping- Cut out puddles using blue construction paper. Write action words such as wiggle, clap, twist, etc. On the puddles and place them in a circle. Play music while your child jumps from puddle to puddle. When the music stops have them act out the action word on the puddle. Encourage your child to dress as if it's raining, for example, rain coats, rain boots and an umbrella.

Tuesday- Build-A-Bug- Provide your child with different shapes cut from construction paper. (Alternative: cut out different shapes out of white paper and allow them to color it) have your child glue the different shapes to create a bug. Name each shape discussing what shape eyes and other body parts of a bug area.

Wednesday- Rainy day art- On a white sheet of paper, draw clouds at the top. Paint your child's hand blue and encourage them to make "raindrops" with their handprint while singing "rain rain go away". Discuss the weather and how it rains during spring months. Reference back to last week when we discussed how plants need water to grow.

Thursday- Paper plate sun- Encourage your child to tear up pieces of yellow and orange tissue paper while you cover a paper plate in glue. Ask your child to cover the plate using the tissue paper to create a sun. Sing "Mr. Sun" while doing the art together

Friday- Umbrella Bean Bag Toss- open an umbrella and place on the floor handle up. Provide your child with bean bag (or balls) and invite them to toss them into the umbrella. Discuss how we use umbrellas when it is raining outside and when it is sunny they shield us from the hot sun rays.
